*Set Your Hand to
The Plow!*

We can visualize that when the Indians first saw this area, that they liked it so well they then and there pitched their tents, and said, "Here is where we will stay: see the beautiful timbers, the grand water of the creek and the wide expanse of territory where hunting and fishing is plentiful." After many years, we wonder how many? When the first white people came, they must also have been attracted by the beautiful and practical surroundings, rich land, good fishing and hunting.

Since that time, it has taken many hands, at the plow, to bring us to today, where now the lovely hunting grounds, are being changed into a beautiful park and where many citizens, a long step from three, four, or more have decided to remain and now total over 1,000 permanent residents.

Instead of the Indian calls of long ago, today it is the shouts and happy laughter of children at play, for this is the second year that the Girl Scouts have camped in the new park, yet unnamed, and the rooting of the fans for the baseball players, that one hears ringing through the woods.

The park is a reality because many hands joined at the plow to bring this to pass. And not only this, but all down throughout the many years, friends, neighbors and citizens of Mokena have joined hands at the plow and today, we see the results: concrete roads, modern stores, churches, schools, homes and meeting places.

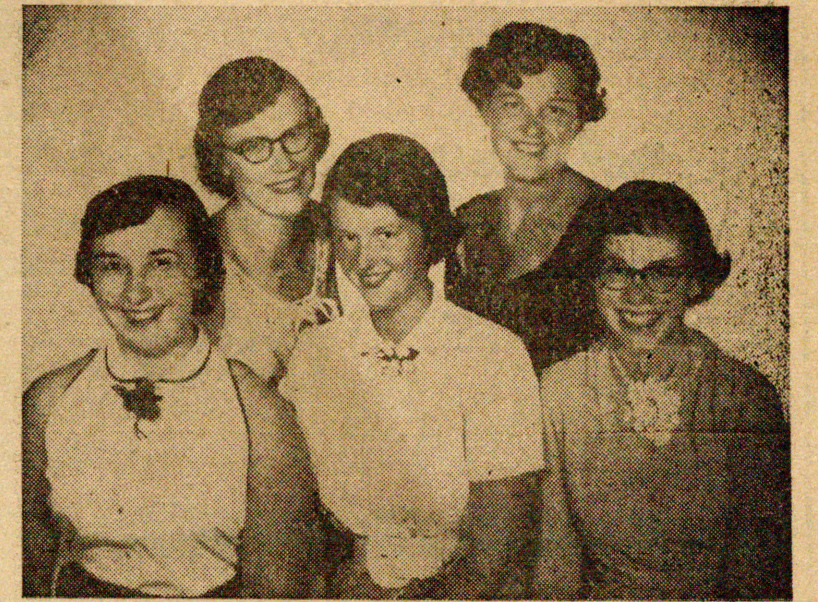

And what do we learn from this action in the past? That Today, with a growing population, we must continue placing our hands together at the plow so that our youth of today, will develop into wise, leaders of tomorrow. We must attractively present progress so that youth will be able to see the folly of wild, undirected action and make their actions count for the good of all. Many of our teenagers today, being blamed for reckless action should not be blamed, for it is not their responsibility, but their parents, who have let them grow undirected.

On the other hand, it is the adults who have put their hands to the plow and brought us to where we are today, and to those adults, we are glad to take off our hats today, in this Special Edition of Homecoming, and give to them the respect and honor they so rightly deserve.

So now it is time for our youth to follow and put their hands to the plow to see how much better they can make our community, for their children and for all citizens.

Five Mokena Homecoming Candidates; Be Sure to Vote for Your Favorite

Left to right; Mary Ann Rinke, Patricia Reid, Martha Jo Doyle, Lillian Szpack and Charlotte Gilmore.

With members of the different organizations as busy as they are soliciting votes for their candidate for Mokena's Homecoming Queen you have probably been asked to vote for all of them by this time. The five popular young ladies on the group photo are all candidates for the honor and here is a thumbnail sketch of the Queens.

Mary Ann Rinke is sponsored by the Jolly Troopers 4-H club. She is 19 years old and a graduate of Mokena grade school. Mary Ann will be a sophomore at Northern Illinois State this year where she is a member of Alpha Sigma Alpha sorority. Her nickname is "Rinke". Her hobby is 4-H club work and travel and her ambition is to be a teacher. Mary Ann's favorite singer is Eddie Fischer.

public school, her hobbies are sewing and the piano. Charlotte's ambition is to be a teacher or librarian. She favors classical music over the popular type.

Her nickname is "Pat". She has several hobbies including swimming, horseback riding, tennis and the piano. Pat's ambition is to be an elementary school teacher and her favorite singer is Perry Como.

Lillian Szpack is sponsored by the Civic association. The 18 year old graduate of Joliet township high school, attended grade school in Oak Lawn. She answers to the nickname of Lil or Red. Her hobbies are skating, bowling and art. She once won a safety poster contest. Lillian's ambition is to be a nurse and to travel. Her favorite entertainer is Eddie Hubbard.

After you have picked your favorite be sure to visit the registration booth where you can register for the hourly attendance prizes given by the Mokena Business Mens Association as well as vote for your favorite Homecoming Queen.

Thankful we are, that scenes such as this is now quiet-and may they not re-occur. But it has, and just reminds us of where some of Mokena boys traveled to and did during those trying days. The above shows a former Mokena boy, Kenneth Sterner, manning a large piece of war machinery on the island of Tarawa in the South Pacific in 1944. Kenneth is now manning a large road caterpillar machine of a three year road making project near Seattle, Wash.

Perennials On Parade

SPRING

The Snow-drops, the Crocus, are dressed very gay. Reopen the spring season in a grand array. Tulips, Daffodils and the Hyacinths sweet Are marching and parading all over our street.

Soon stately Iris will come to the fore All purple and pink and gold ones galore. Oriental poppies sway on their stems Tossing red petals, like giant crimson gems.

SUMMER

Lupines and roses are stretching so tall They line up in formation by the stone wall. The Forgetmenots and Veronica, all dressed in blue Join in the ranks, when their turn is due.

Fielly Shasta Daisies in dresses of white Look cool in the sun, and like stars in the night. Now the Phlox comes forth in colorful gowns To swell the ranks of paraders in our little town.

There's the Balloon flowers just on ahead In front of the Delphiniums, in the flower bed, And nestled so coyly at their azure feet Are Sweet Williams blooming in shaded retreat.

The Lilies so delicately pose here and there And gently perfume the late summer air, Red Hot Pokers and the Monarda are growing wild It's difficult to keep them in proper file.

FALL

Soon now, the display will suddenly end As the Fall Asters in muted colors blend, The Chrysanthemums gowned in velvety brocade Will end our Perennials on Parade.

Thomas P. Powers

Thomas P. Powers, prominent local attorney, was born Jan. 23, 1908 in Sayer, Pa., where he attended high school, graduating in 1925. He attended the University of Pennsylvania where he received his AB degree in 1930. Graduating from the University of Chicago with a J. D. degree

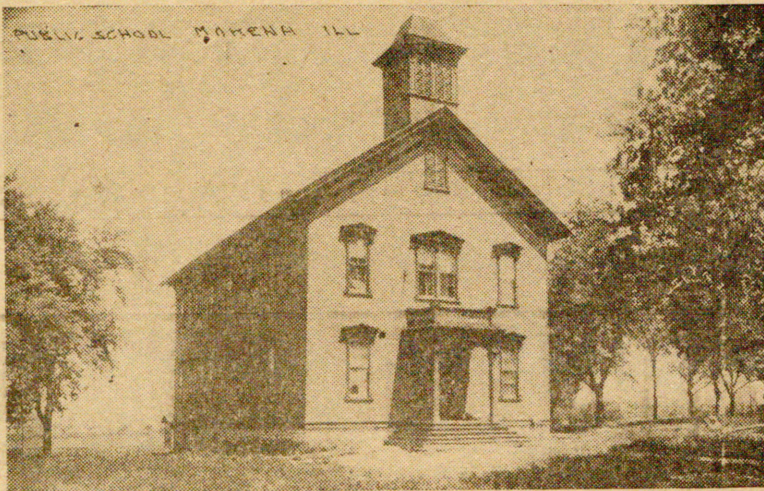

He was admitted to the Illinois bar in Oct. 1935 and he was employed by the Maryland Casualty Co. as an office attorney in 1936. He was later appointed supervisor of claims and was then made assistant manager of claim dept. In 1953 he was appointed manager of the claim dept.

Mr. Powers entered service in Dec. 1943 and served aboard the USS Pirate, a navy minesweeper, operating in both the Atlantic and Pacific theaters. The USS Pirate was engaged in major minesweeping operations in the East China sea, and off the coasts of Korea and Japan.

In Aug. 1954 he left the Maryland Casualty Co., to become associated with the law firm of Jacobs, Miller and Rooney at 33 North La Salle street, Chicago.

Mr. Powers is a member of the Chicago Bar association, the Lions club and the Veterans of Foreign Wars. He was elected to the Mokena board of education in 1952, was made secretary in 1953, and is now the president of the board.

Mr. Powers married Louise Edmonson Feb. 19, 1938. They have two children, Linda Sue who was born in Chicago in 1940 and Thomas Patrick, born in 1943. They moved to Mokena in 1941 and have lived in their own home on Parker St., since 1942.

In a growing community it is natural that the original school building would some day be too small to fill the needs of a community. The old school, outgrown, has been replaced by the newer building. And the new building has been added to, also, to meet the need.

A good school system with proper sized buildings to meet the requirements is essential to

any community and it is much to the credit of the residents of this village that they have met that need from time to time with new buildings and additions.

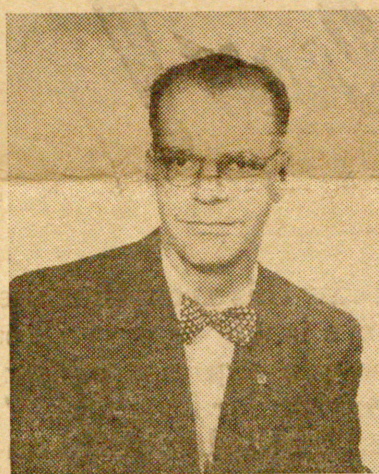

Pictured above is the old school as it stood around 1872. Below is the newer building in use since 1930. The view shows the front of the school and does not show the additions of the kitchen nor the boys and girls shower rooms.

Raymond Hoolehan

An outstanding and active Mokena attorney, Raymond A. Hoolehan is closely identified with the civic and cultural life of the village.

Mr. Hoolehan was born in Chicago in 1920, the son of Mr. and Mrs. Bartholemew Hollehan. He was educated in Chicago in St. Bartholemew's grade school, St. Ignatius' high school and DePaul university. He secured his law degree (LLB) from that institution in 1950.

Mr. Hoolehan was admitted to the bar in 1949 before his formal

graduation. This was because he had practically completed his studies but DePaul university had not yet held its convocation.

After admission to the bar he spent some years as claim adjuster for various insurance companies.

In 1949 he moved to Mokena and opened his law office. Two years later he became associated with the Joliet law firm of Robson, Masters and Ryan. This association is still maintained and he also has his private law practice in Mokena.

He is general chairman of the Mokena Homecoming association and held the same post last year.

Other honors enjoyed by Mr. Hoolehan is past president, Mokena Lions, member Mokena Civ-

ic association, member Will county and Illinois Bar associations, past president Village Players and member new village park commission.

During World War II he served four and a half years in the quartermaster corps, where he attained rank of captain.

Mr. Hoolehan married Miss Eileen Walker of Chicago in 1942. They have two children, Kevin, aged 8 and Karen, aged 3½.

J. Scott Perry

Although Mr. Perry does not have nor maintain a law office in Mokena, he lives in our village and we therefore include him in this, our professional review.

Mr. Perry was born in Chicago in 1914. His parents are Francis and Bertie Perry. He attended the Burrough's grammar school from which he was graduated in 1928, and from the Lindblom high school in 1934. He then entered the south side Junior college, later named the Wilson Junior college. In 1937 he entered the night school of the College of Commerce at DePaul university and in 1938 attended night school classes in the College of Law at DePaul from which he received his law degree of LLB in 1946. He was admitted to the Illinois Bar association July 8, 1942 and in that same year he also entered military service with the army. He was commissioned second lieutenant in the quartermaster's corp in 1943 and served 22 months in this country, 11 months in the Persian Gulf and 11 months in Europe.

In February 1946 he was separated from the service but still remains with the reserves where he has a commission with Headquarters and Headquarters detachment of 354th Quartermaster's group as adjutant with present rank of major. He is now a unit manager with the Chicago Title and Trust company.

He was united in marriage with the former Miss Helen Clarke of Chicago in Dec. 1941. They moved to Mokena Nov. 1949. They have a daughter Susan Fran, age 11.

Mrs. Mary Zemeske

Mrs. Mary Zemeske as a professional photographer with studios at home is doing a considerable amount of portrait work here in Mokena. The quality of

her work is due to the fact that she has had more than 10 years of experience with a professional photographer in Chicago. Mary Zemeske also studied make-up under Sid Simons, a Hollywood make-up artist with studios on North Michigan ave., in the city.

Born in Chicago she moved to Mokena in 1952 with her husband, Albert J. Zemeske, and established a studio in their home on Parker ave. The Zemeskes were married in 1941 and have three children, William, Theodore and Nedra.

TAKEN FROM OUR FILES SEPT. 16, 1921

Mrs. George Stork, better known as "Grandma Stork" died in the home of her daughter Mrs. John Capple, with whom she made her home, Sept. 14. In two weeks she would have passed her 99th birthday. (The Capple home was on Wolf road, now occupied by the Bovers).

She was a remarkable old lady being active and ambitious up to a few years ago and had a good memory and could tell many interesting accounts of by-gone days when this section was a wilderness and the Red Man's home.

Mrs. Stork came to this country with her husband in July, 1852 from Darmstadt, Germany.

The trip was made to New York in 42 days by a sail boat. After landing in Chicago she walked to Mokena arriving here on June 23rd. A friend took them to their new home. The first stopping place was at the log cabin across from the Brummond farm, which still stands on the Andrew Capple farm.

In 1857 Mr. Stork bought the present homestead, on which stood a log cabin said to have been erected by the Indians. This cabin is still standing and served as a home until the present frame building was built.

Indians were still in this section then and often came to the Stork home for vegetables out of the garden.

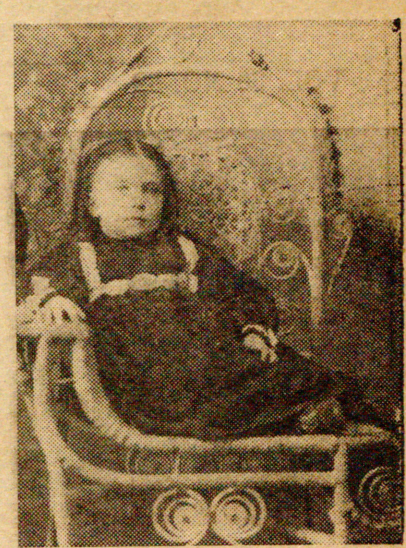

(The log cabin on the now Boyer place has been torn down for safety reasons.)

FILE OF OCT. 14, 1921

Mr. and Mrs. Nicholas Lauffer met with a quite serious accident last Thursday afternoon. They were driving to the farm of their son Charles, when their horse shied and upset the buggy into a ditch. No auto or other vehicle came along for sometime. George McGovney finally came by and took them to the George Marti place, Elmer Cooper, son-in-law of the couple, was notified by telephone and came and took

them to their home. Mr. Lauffer suffered injuries to his chest.

Guess Who?

The young lady taking it easy in the photo above is today, a well known and prominent citizen of Mokena. To the first person to identify the young lady a prize of one dollar will be given. Call the News-Bulletin office, Mokena 3521, anytime after Friday noon. You have until Wednesday morning, Aug. 18 to identify this picture.

MOKENA

Rev. Wm. Reimann

Rev. William Reimann is pastor of St. Johns Evangelical church. Born in Fairbault, Minn., in 1890, he attended Elmhurst college and also graduated from Eden Theological seminary in St. Louis, Mo. Prior to coming to Mokena, Rev. Reimann held pastorates in Minneapolis, Chicago, and Davis.

St. Johns Evangelical church in Mokena has grown with the community since 1862. It has always kept pace with the needs of the residents of the community. Today it is living up to the slogan "A Church For All Christian People." Its present membership is 340 and the Sunday school has an enrollment of 245 pupils and teachers.

Since not all denominations can be represented in a smaller community such as Mokena, the church is so constituted that it can serve people of various persuasions with emphasis on unity in essentials.

Rev. Reimann has served as pastor since 1943. He is married and has one son, Dr. Robert W. Reimann of Ottawa and two daughters. Mrs. Robert Laurion of Wisconsin Rapids, Wis., and Miss Dorothy Reimann of Chicago.

Rev. E. W. Gode

Rev. E. W. Gode of the Immanuel Lutheran church of Mokena was born in Chicago. After attending preparatory school in Milwaukee and Concordia seminary in Springfield he received his first charge in Joplin, Mo. Rev. Gode came to Mokena in 1943 and assumed his duties as pastor to about 50 families.

The Immanuel Lutheran congregation of Mokena was organized in 1850 by a group of German immigrants who settled near Frankfort. Rev. Weiler was its first pastor.

In 1915 the church was moved to Mokena where the cornerstone of a new church building was laid in October of that year. The bell of the old church came along. The cemetery, however was kept intact and members of the Immanuel congregation still use the country burying ground that was staked out by their grandfathers.

Today Rev. Gode is pastor to 77 families from this area. Also active in church affairs are Robert Geuther, president; George Abbe, vice president; Raymond Bernard, secretary; Harry Pihl, treasurer, and Paul Schrank, financial secretary.

Elders and trustees are Harold Schuldt, Henry Kuch, and Robert Niemann.

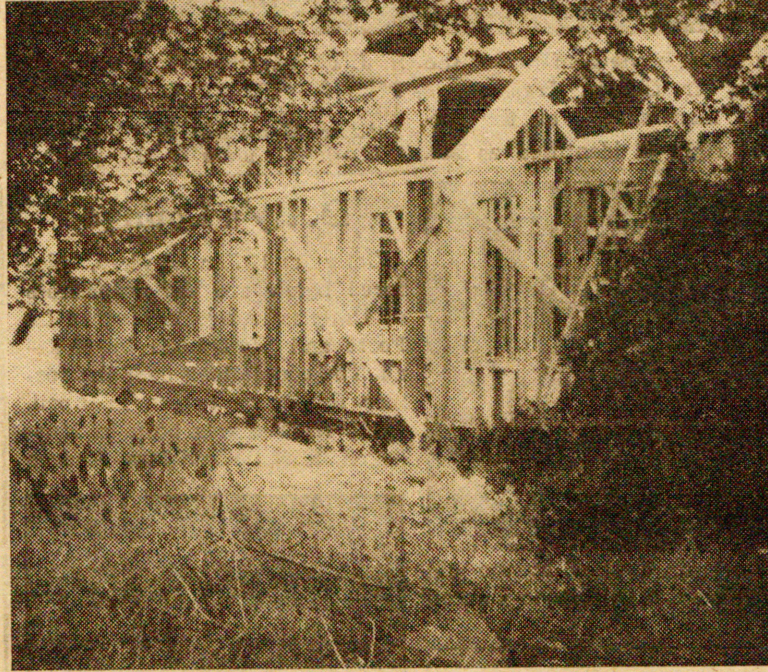

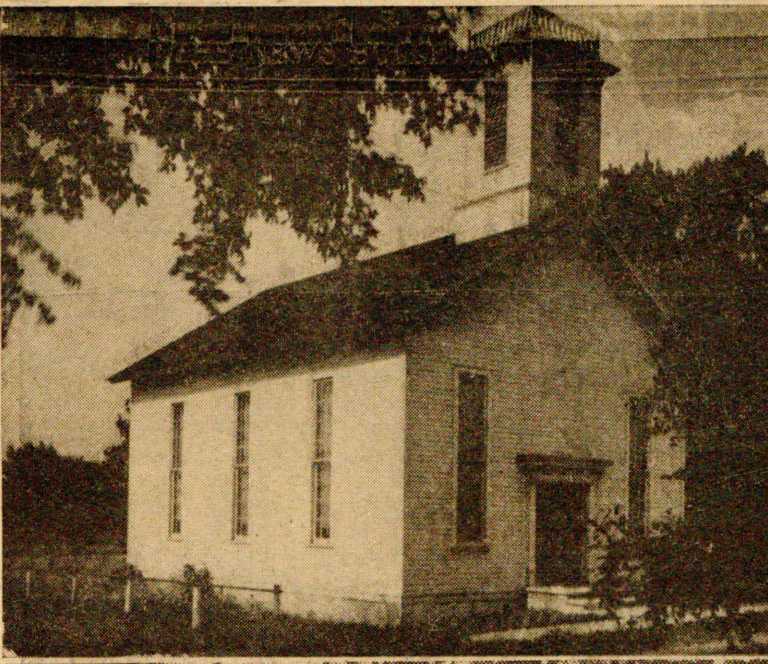

Father Cecil Koop

Father Koop, pastor of St. Mary's parish in Mokena was born Cecil Robert Koop on Oct. 5, 1918. The son of Mr. and Mrs. Koop of Brainerd, Minn., he attended grade school and high school at Hinsdale, Ill., for two years and studied philosophy for three years at Our Lady of the Angels seminary in Cleveland, Ohio.

After four years of Theology at Teutopolis, Ill., he was appointed assistant pastor at Humphrey, Neb., where he remained for six years. From there he moved to St. Augustines' parish in Chicago as assistant pastor for 1½ years and then moved to Mokena on January 6 of this year.

St. Mary's parish has grown and Fr. Koop hopes that they will soon be able to build a new church and school on the ten acres of land located at 159th St. and 115 Ave., which was purchased for that purpose.

Sister Charlotte of St. Joseph's hospital has been principal of the school since it opened five

Construction is moving along at a rapid rate at the Mokena Methodist church where the new addition is taking shape as is shown in the News-Bulletin photo above. Because of the crowded condition of the school the primary department of the public school will be held in the old section of the church. Meanwhile the carpenters and other construction people are working feverishly to complete the new section.

The last service to be held in the church before breaking into the wall for remodeling was Sunday, Aug. 1, and the last wedding was that of Miss Adeline Semmler and Marvin Smith which took place on July 31.

Services are now being held in the Mokena public school.

Dr. E. G. McMahon

Dr. E. G. McMahon was born in Newport, Tenn., in 1892. He attended Carson-Newman college at Jefferson City, Tenn., graduating in 1914. He taught school and was principal of the high school at Crestmont, North Carolina for two years before going into the army in World War I in 1917. After the armistice he was automatically discharged and returned to Chicago.

Dr. McMahon attended Loyola college of medicine receiving his degree in 1922.

After his internship he became associated with Dr. Alexander at Harvey and came to Mokena in 1924. Dr. and Mrs. McMahon, (the former Miss Mae Krusemark) were married in 1920.

Dr. McMahon died in 1951. Dr. McMahon married Mrs. Rose Moriarty in 1952 and resides on Division street. He is on the staff of Silver Cross and St. Joseph hospitals in Joliet. He was also chief of staff at Silver Cross hospital from 1948 until 1952. Dr. McMahon is a member of Will-Grundy counties Medical society, the Illinois State Medical society and the American College of Physicians.

Dr. George Lengerich, Mokena veterinarian was born in Cincinnati, Ohio Sept. 1891. He attended Cincinnati Veterinarian college where he received his degree of D.V.M. and set up his first practice in Botkins, Ohio. Dr. Lengerich served as a first lieutenant in the Army Veterinarian corps during World War I before entering government service as a field inspector in 1921. He travelled extensively before his transfer to Chicago as a meat inspector in 1922.

In 1920 Dr. Lengerich was married to the former Miss Marie Roth of Botkins, Ohio. His family lived in Chicago until their move to Mokena in October in 1952.

Dr. Lengerich is now established on First Street as a general practitioner for large animals and pets. He has one son, Robert of Chicago, and three daughters, Mrs. Ruth Mayer and Mrs. Georgia Goetz of Chicago and Mary Lou at home.

Mrs. E. Capple

Teaching school in Mokena for 25 years, Mrs. Elizabeth Capple has seen our public school attendance grow from 125 including the high schoolers to 225 grade school pupils today. For the past 10 years Mrs.

Capple has been principal of Mokena public school.

Born in Truman, Minn., she attended elementary and high school in that city. Graduating from Mankato, Minn., Teachers College in 1925, she now holds a BE degree. Elizabeth Krusemark taught in the Minnesota elementary school system before coming to Mokena in 1929.

When she applied to Elmer Cooper and the late Ona McGovney, school board members for a teaching position, Cooper said, "the only thing against her was that he was afraid she would only stay one year." However, she has enjoyed her work thoroughly and "the people have been so grand," she stated, that she has been here ever since.

In 1937 Elizabeth Krusemark married Albert Capple. Since then Mrs. Capple has taken additional courses whereby she improved her teaching ability and in 1944 she was appointed principal of Mokena public school. She was one of the first teachers in the new school.

Since becoming principal, Mrs. Capple has witnessed the addition of two rooms, a kitchen and shower rooms, all of which were added three years ago.

At the present time she is enjoying her vacation and watching the process of preparing the school for the opening of the fall term.

Among her first pupils are two members of the present board of education, Edwin Yunker and Hans Mueller. Another former pupil and a member of

last years seven man board of education is Clyde Yunker.

Because of her active and genuine interest in her students, Mrs. Capple is both loved by her pupils and highly respected by their parents and community as a whole.

Pictured above is the entire enrollment of the old Mokena Public school. The photo, which was taken in 1914, is reproduced here through the courtesy of the owner, Mr. Clinton Krause. The man shown at the extreme right is identified as Mr. S. J. Eakle, who was the principal for many years. The News-Bulletin will be glad to receive further identification of any of the others shown in the photo.

We herewith present another picture of a class at the old Mokena public school taken in 1914. The picture belongs to Clinton Kraus and he cannot identify any.

Here we see the results of progress which came about by "putting hands to the plow" when the old depot in Mokena gave way to the present new brick depot. It is modern with oil heat, nicely decorated with all new comfortable seats, and sanitary toilets. But—we are sorry to have to report—in some way those nice chairs have been broken, many are now without backs. Does anyone know how that happened? Also does anyone know how the tracking of gobs of mud and debris finds its way to that nice new floor? This is the time and place where our youth can "put their hands to the plow" and see that our depot is a nice place.

Rev. D. Kleinschmidt

Rev. Kleinschmidt is the new pastor of the Mokena Methodist church having been assigned here by the conference of the church which met in July.

Born in St. Louis, Mo., Jan. 23, 1932 his father passed away away shortly before his birth. In 1933 his mother, Mrs. Myrtle Kleinschmidt and family moved to Granite City, Ill. where he attended grade and high school. He entered the Methodist College of Missouri at Fayette from which he was graduated and received his A.B. degree June, 1953. Last year he served the Methodist church at Seneca and attended Garrett seminary last fall. He is continuing studies at Garrett

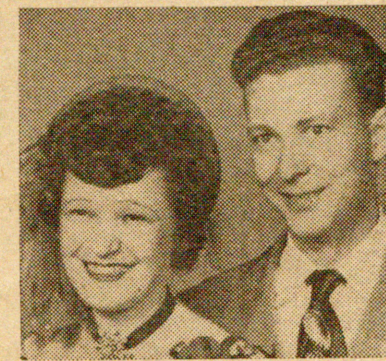

to receive his B.D. degree.

On June 20, 1954 Rev. Kleinschmidt and Miss Gwendlyn Gaty were united in marriage at Bertrand, Mo., following which they moved to Evanston to continue his studies. They spent week ends in the church work at Mokena and while here make their home with Mrs. Alma Hauck.

They both are sincere young people and enjoy their Christian work greatly.

Dotty's Lounge

Dotty and Jim Andree, pictured below are the proprietors of Dotty's Lounge located at La Porte and Wolf Road in Mokena. The couple took over the former Robinsons tavern in April. Mr. Andree was born in Muskegon, Mich., while Mrs. Andree

was born in Stevens Point, Wis. She later moved to Muskegon where the couple met. Jim Andree moved to Chicago and during World War II saw four years of service with the navy spending two years in Bermuda. Mrs. Andree is a graduate of a Milwaukee nurses training school. Mr. and Mrs. Andree were married in 1949 in Joliet and moved to Oak Lawn where Jim worked for the Railway Express Co. From Oak Lawn they moved to Mokena where they now reside. Dotty's Lounge is conveniently located on Wolf road. They are equipped to serve a sandwich or a complete meal and can provide "carry-out" service.

BIG 3 DAY FESTIVAL OPENS FRIDAY

ANNUAL SOUTH COOK COUNTY
4-H FAIR OPENS FRIDAY AUG. 20HENRY KOHLERS
RETURN FROM
GERMANY

Mr. and Mrs. Henry Kohler, the former being the genial driver for the Tinley Park Service bakery in this area, returned Saturday from an extended trip to Germany. May 10 they flew the American Airlines to New York and transferred to the Dutch airline there. Their first stop was for an hour at Newfoundland at 7 a. m. the next day. Taking to the airways again, they had breakfast in Scotland. Their next stop was at Amsterdam, Holland, which was 19 hours after leaving New York. This happened to be near the tulip season and Mrs. Kohler stated that words were insufficient to describe the beauty of the tulip fields and other beautiful flowers in evidence throughout the city. They were met at Amsterdam by his sister and husband, Mr. and Mrs. Tinas Van Zurek and motored to the latter's home in Harlem, where they spent one week.

They boarded a plane May 24 and flew to Bremen, Germany where they were met by his sister and husband, Mr. and Mrs. John Meyer and a school mate, Otto Timmerman. From Bremen they went to Delmenhorst, the birthday of Mr. Kohler and the home of his six sisters and brother and many other relatives. They were given a wonderful welcome by literally being swamped with flowers. They stayed here nine weeks during which time they visited Mrs. Kohler's two cousins in Schleswig-Holstein where they spent several days there and at a summer resort. The only unpleasant condition was that it rained for five weeks of their stay.

They enjoyed a delightful week on a 3000 mile tour along the Rhine river, followed by a boat ride up the Rhine from Coblenz to Ruedersheim. This was most interesting especially by viewing the marvelous grape vineyard that was made on the sides of the mountains. They also had a cable car ride above the vineyard to the top of the mountain at Worms along the Rhine. Just out of Heidelberg they saw the wonderful memorial to Martin Luther.

They visited the mother and sister of Fred Fremder and William Timmerman, brother of Mrs. Charles Holwedel. They all send greetings to their Tinley Park relatives and friends. The Kohlers stated that the war's destruction is visible, but the homes being built now are beautiful and much improved in construction. They visited all large cities in the American zone including Hamburg and Frankfurt and a nice visit with Lt. Gunter Theil of Mokena and his wife who is stationed at an air base there.

They were given a grand farewell party on the Saturday before leaving their relatives homes and were accompanied on the 100 mile trip to the boat at Bremenhaven, by five cars carrying 18 of Mr. Kohler's school mates and their wives. Among the 900 passengers on the Grinsholm returning home which took 10 days were 28 ministers coming to Evanston for the second World Council of Churches meeting being held this week. The Kohler's state there never was a dull moment on the ship as there were movies, concerts and continual entertainment.

Both the Kohler's were good flyers and sailors as neither were sea sick and were able to enjoy the complete trip thoroughly.

Upon their arrival at New York the American Airlines were met by TWA and were met at the airport by her brother and family. Mr. and Mrs. Ed Hartwig of Tinley Park. When they reached their Tinley Park home, Saturday after being gone so long on such a wonderful trip, they received a hearty welcome, with flowers, relatives and friends.

Speaking of wages in Germany, Mr. Kohler stated a working man receives 65 marks a week and a pound of coffee costs 16 marks or \$4 in our money. Although West Berlin has plenty, everything is very high in price. East Berlin is faring much worse and they are still being rationed in food etc.

You have heard of people being injured by falling down stairs but Mrs. Harry Pihl had to be different. About two weeks ago she was coming up the stairs from her basement, when she fell and injured her knee. She did not pay much attention to the injury, it became too bothersome and then called a physician when it was discovered she had cracked her knee cap. A cast was applied and she gets around quite well. The cast will be on two more weeks.

COBALT

Since ancient times the metallic element, cobalt, has been used as a coloring agent in glass and pottery. Currently its largest single use is in cobalt-nickel-chromium-base alloys which are required in the manufacture of high temperature, high strength materials, particularly as applied to the jet aircraft engine. The second largest single use is in the manufacture of the cobalt-nickel-aluminum-iron permanent magnets used in radios, motors, generators and numerous other industrial applications. Cobalt is utilized in major amounts in high-speed cutting tools and as a drier in paints, varnishes and high-grade printing inks. It holds unusual promise also in agriculture where it is considered an important additive to the feed of cattle and sheep in regions where the soil is deficient in this element.

Historic Process Passes

During 1953 a subsidiary of International Nickel in the United Kingdom replaced the Orford nickel-copper separation process with a new improved wet treatment process to treat residues. This represented the final passage in the life of the historic Orford process, dating back more than 60 years and on which the Canadian nickel industry was founded.

CHRISTIAN SCIENCE CHURCHES

That true happiness is to be found through understanding the spiritual laws which govern the universe including man will be brought out at Christian Science services Sunday in the Lesson-Sermon entitled "Soul."

The spiritual nature of happiness is set forth in the following passage which will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (60:292):

"Soul has infinite resources with which to bless mankind, and happiness would be more readily attained and would be more secure in our keeping, if sought in Soul. Higher enjoyments alone can satisfy the cravings of immortal man. We cannot circumscribe happiness within the limits of personal sense."

The prophet Isaiah's promise of peace and joy to those who spiritually understand God will be included in the readings from the Bible (Isaiah 55:12): "For ye

shall go out with joy, and be led forth with peace: the mountains and the hills shall break forth before you into singing, and all trees of the field shall clap their hands."

Girls Softball Notes

By Ruth

On Tuesday evening, Aug. 3rd, the Beecher girls team came to the Frankfort diamond for a game with our Frankfort Girls Softball team. At the end of eight innings and deadlocked in a 10-10 tie, the game was called on account of darkness.

Pitching for Frankfort was Arleen Flesher and doing the catching was Carole Peterson. Beecher's starting pitcher was C. Schultz and the catcher was C. Fisher. J. Schuetz came on to pitch in the fourth inning.

The Beecher girls scored one run in the first inning, when the leadoff batter C. Fisher was safe on an error, stole second and came home on J. Christiansen's single. Their second inning was scoreless but the third netted them five runs on four walks, three hits, and a homerun for J. Schuetz.

Frankfort was held scoreless until the third when Carole Peterson singled, took second on Arleen Flesher's sacrifice, and crossed home plate on Barbara Muehler's hit. Frankfort held Beecher scoreless in the first half of the fourth but came back in the last half with five runs to tie the score. In that rally Loraine Redman and Marilyn Boelman hit safely and scored on Lois Steinbach's triple. Lois scored after the catch of Pat Poleman's fly ball. Then, Carole Peterson doubled, Barbara Hausner tripled to score Carole, and two Reiter got a hit, bringing Barbara home from third. By this time, two outs had been accumulated and the next batter grounded out, pitched to first to retire the side.

The visitors acquired one run each in the fifth, sixth and seventh. Frankfort scored two in the fifth on hits by Lois Steinbach, Pat Poleman, and Carole Peterson. In the last of the seventh, and trailing 9 to 8, Lois Steinbach walked, stole second and third and then stole home with the tying run. After two out, Carole Peterson walked and then stole second but was out trying to take third. The game then went into extra innings.

The eighth inning saw Beecher gain a tally on M. Henle's homerun.

Frankfort's half of the eighth again brought about another tie score. Arleen Flesher lead off with a hit, but was out later trying to score. Barbara Hausner doubled, took third on an infield out and stole home with the tying run. With two out, Irene Benck doubled, stole third, but was out trying to steal home. Although the girls did a lot of base stealing trying to get the one run needed for a victory, they couldn't quite make it and the game ended in a 10-10 tie.

HEALY PONY'S WIN NUMBER 10, 11 and 12

Tinley Park travelled to Beecher a week ago Friday and chalked up number ten by a 6 to 2 score. Miller the winning pitcher for Tinley only allowed four hits. Tinley opened with three runs in the first inning as follows: T. Siemsen and stole second. Rodger reached first base after a dropped third strike when the catcher's throw was dropped by the first baseman. Hug doubled scoring Siemsen and Rodger. Hug stole third base while Hartwig struck out. Hug scored while the pitcher was throwing out Miller. Tindall walked but ended the inning when the catcher's perfect throw to the shortstop caught him going to second base.

O'Neill singled to open the second inning and stole second base. He remained on second while the next three batters went down in order.

Rodger walked to open the third inning. Hug's sacrifice bunt put Rodger on second. Hartwig was erased on a foul fly to the first baseman. Miller singled scoring Rodger. Miller stole second and went to third on a passed ball. Tindall walked and stole second. O'Neill struck out to end the inning.

Tinley went down on three strikeouts in the fourth inning.

Rodger struck out to open the fifth. Hug singled, stole second and went to third when the catcher left the ball get away. Hartwig singled scoring Hug. Hartwig stole second and third. The catcher threw out Miller after dropping the third strike. Tindall singled scoring Hartwig. O'Neill walked and Vodnick grounded to the shortstop to end the inning. Darkness stopped the game after five innings.

Tinley Park played host to a very crippled Manhattan team on Tuesday, and showed them under 17 to 5. Rodger went all the way for Tinley Park. Miller and Hug each had four hits on four trips to the plate. Miller collected one double and three singles. Hug had two doubles and two home runs. Rodger the pitcher had a double and a triple on three tries. Hartwig, Tindall and Eggert had a single apiece to figure in Tinley's scoring.

Friday at Peotone Tinley Park ended on a 3 to 2 decision. Hartwig the winning pitcher for Tinley Park gave up two hits only one of which figured in the scoring. Tindall singled after two were out in the second inning and O'Neill struck out to end the inning.

Vodnick walked to open the third and went all the way to third on a wild pitch. Ginder struck out, Lucas layed down a sacrifice but to score Vodnick. T. Siemsen flied deep to center.

E. Siemsen walked to open the sixth, stole second base and scored when Lucas doubled.

O'Neill singled to start the seventh, stole second and went to third on a passed ball. O'Neill left third too soon and had to return to the base when Vodnick flied deep to left. O'Neill scored the winning run when E. Siemsen grounded to the first baseman and his throw to the plate was bad.

Saturday Tinley Park lost a non league practice game to the Blue Island Championship Pony League team by a 4 to 1 score in the Blue Island Pony League Park. Lucas had two of Tinley Park's four hits and Miller and Hartwig each had one. Miller the losing pitcher for Tinley went all the way and only gave up six hits. Unfortunately three of these came in the first inning coupled with two Tinley errors that gave Blue Island four runs.

Wednesday, August 4, our Tinley Park girls traveled to Steger to beat them by a margin of 12-3. This made the second victory in the last two games for Tinley Park.

Tinley Park rallied in the first inning as every girl in the batting order came to bat for a total of six runs. Steger never caught up as our girls played a very good game, both defensively and offensively.

Diane Albright chalked up her second consecutive win for Tinley Park by pitching the entire game.

Last Monday night's game with Beecher was rained out, so will have to be made up in the near future. We also have a game to make up with Rich. Besides these two we have two more scheduled games and the season will be over. Frankfort comes here on August 16 and Rich comes on August 23. Why not plan to be out for these games and give our girls a cheer?
